SUBJECT: RECENT PUBLICATION "A HOMEOWNERS' GUIDE TO FIRE AND WATERSHED MANAGEMENT AT THE CHAPARRAL/URBAN INTERFACE"

In order to clarify the events and circumstances experienced by this Department concerning the above subject publication, the following is respectfully submitted.

On May 11, 1982, your Honorable Board approved amendments and supplements to Master Agreement No. 21-436 between the County of Los Angeles and the United States Department of Agriculture. Under this Agreement a cooperative work plan provided for the development and dissemination of information on watershed and fire safety at the urban interface. This work plan was accomplished by the publishing of the subject publication. This publication represents a compendium of resource information submitted by over 100 various contributors, and edited by our Departmental employee.
